### THE MOLIÈRE METHOD

An experienced educational team train students to learn fundamental knowledge. Thanks to a traditional, demanding method, the curriculum offered by Cours Molière International School follows the guidelines of the French *Education Nationale* and often goes beyond these standards.

- **Small-sized Classes:** Cours Molière's educational approach distinguishes itself by its emphasis on small size classes. In groups of 20 students, the children grow in a pleasant environment. The personalized attention and the unique learning atmosphere encourage the personal and educational development of every student.
- **The Molière Spirit:** Similar to English high schools, each student must wear a marine blue blazer. This allows the child to respect him or herself and integrate more easily with the class.
- **International Option:** For both bilingual students and beginners, English classes will occur in small groups conducted by English-speaking professors to prepare for the Cambridge Exams (IELTS, TOEFL, ...) and/or the High-School Diploma.
